They All Want to Give Testimony in the Thaw Case.

NEW YORK, July 11.—Harry Thaw today reiterated the statement given out by him yesterday to the effect that he is not insane, and that no lunacy commission will be appointed to inquire into the state of his mind. For this purpose he asked permission to see the newspaper men immediately after he had breakfast, and they were taken in to the prisoner to meet him.

NO COMMISSION.

After greetings had been exchanged, Thaw said that he had asked to see them as he wished to emphasize and ask that they give the widest publicity to the statement he handed them last evening during that he was insane or that a lunacy commission would be appointed to inquire into his state of mind.

COULD NOT REST EASY.

"My physical and mental condition are good and I never were better," said Thaw. "I am not crazy. I had to fight pretty hard with my lawyers to be permitted to make the statement."

HUSBAND TOO FREE WITH GIRL

So Says Judge in Reference to "Hypnotic Ball" Divorce Case.

"I am now of the opinion that I will not grant John W. Bowers a divorce from his wife on the ground of cruelty. I would have had no hesitancy in granting a divorce had it not been for the plaintiff's questionable actions with Miss Kate Gately, who was employed in the Bowers home. I will take the case under advisement and request the attorney for the plaintiff to see if steps cannot be taken whereby the minor child can be awarded to the custody of the father. It should not be left with the mother, but I do not see my way clear to granting the divorce owing to the fact that the husband as well as the wife has carried him self in other than the proper manner."

CASE SUBMITTED.

Such was the statement of Superior Judge Ogden from the bench this morning when the divorce case brought by John W. Bowers, a contracting singer, against Lillian Bowers on the ground of cruelty, was submitted to him, following arguments in the case by Attorneys De Lancy for the plaintiff and Crocker for the defendant.

The suit hinged on allegations made by the husband to the effect that his wife was of intemperate habits and was in the habit of staying away from home without giving any good reason for her absence.

On the witness stand today were Sam Morgan, whose name was brought prominently into the case through his having visited the Bowers home on various occasions, and Mrs. Elizabeth Cary, the mother of Mrs. Bowers, who testified that she never had seen her daughter under the influence of liquor.

WIFE'S DRINKING.

Although Bowers held throughout, that his wife's actions were anything but proper with other men, and that she "never refused a drink," his testimony was weakened when Miss Gately testified that Bowers had taken undue liberties with her and in his wife's presence. He frequently kissed her goodbye as he was leaving in the morning for his work and was affectionate in all his dealings with her.

The case was given considerable publicity, not through the prominence of the parties to the suit, but because of the introduction in the case of a little hypnotic ball which Bowers had purchased in the East and which Mrs. Bowers alleged he had tried on her on various occasions.

She stated that he was a would-be Svengali and that his actions in this respect had caused her much suffering. She stated that he had placed the hypnotic ball in front of her eyes and called, "falling, falling," and when she did not fall, he would knock or push her down. He would then go behind her and cry out, "going, going, gone," and when she was not gone, he would abuse her and make her life a misery.

Mrs. Bowers put in a cross complaint to the action brought by her husband, but as both parties to the suit seem equally guilty in the eyes of the presiding judge, it is not probable that either of them will be granted a divorce.

The custody of the child is the only question which is taken as a hard problem to solve. Should no divorce be granted, it is not thought that a law can be found which will grant the husband the custody of the child.

At a late hour this afternoon Judge Ogden denied the plaintiff a divorce and awarded the custody of the child to the father.

SHOOT GUARDS; STEAL \$12,000; ESCAPE IN CAB

LONDON, July 11.—A dispatch from a news agency at St. Petersburg says that three young men in student uniforms shot and wounded a paymaster and two watchmen this afternoon in the office of the paymaster of the admiralty and decamped in a cab with \$12,000.

PERCY PEMBROKE.

IS FINED \$40,000

Former Officials Convicted and They Must Pay \$10,000 Each.

CHICAGO, July 11.—Judge Landis, in the United States District Court, today sentenced the Chicago and Alton road, which was recently convicted of granting illegal rebates at Kansas City, to pay a fine of \$20,000 on each of two counts, or a total of \$40,000.

John Faithorn and Fred A. Warr, former officials of the road, who were also convicted were sentenced to pay a fine of \$3000 each on two counts, or a total of \$10,000 each.

The defendants were fined on two counts of an indictment containing ten counts. The specific charge on which they were convicted was that they had given to the Schwarzschild and Sulzberger Company a rebate of one dollar per car on all shipments from the Kansas City plants of the packing company.

The defendants claimed that the charge was made against them by the packing company, which had the right to levy it because it owned the track near the plant and therefore had the right to charge the railroad for trackage.

Judge Landis, in his instruction, directed the jury to bring in a verdict of guilty, and after it had been rendered, the attorneys for the railroad and for the individual defendants asked until today to show that the rebate was public and not a secret affair.

Today the attorneys for the railroad said that they had not been able to bring witnesses into court to testify because they feared prosecution themselves.

The court in passing sentence said that he could see no extenuating circumstances in the granting of the rebates. After the entering of the sentence the defendants gave notice of an appeal. The fine indicated today by Judge Landis is identical with that imposed on the Chicago, Burlington and Quincy railroad in a similar case by Judge Bethes, in the United States Circuit Court.

WRITING EXPERTS

Say That Clever Forger Even Deceived Mrs. Hartje.

PITTSBURG, July 11.—The handwriting experts, David N. Corvillio of New York and Marshall D. Ewell of Chicago, were closeted for several hours today with Mrs. Hartje, the defendant in the divorce case and Thomas Madine, the coachman co-repondent, examining the forty letters alleged to have been written to Madine by Mrs. Hartje. Madine said he would not make an information against Detective Craig, who, it is alleged, broke open his trunk and carried off letters and papers. "I have left everything," said he, "in the hands of the attorneys (referring to counsel for Mrs. Hartje), and it rests with them."

Not to be outdone by the defense, the attorneys for Hartje have had the famous letters photographed and have prepared charts three feet in height. Both sides have prepared charts and enlargements of the letters and they will be taken into court when the trial of the case is resumed tomorrow.

An effort will be made, it is said, to prove that Mrs. Hartje was deceived as to her own handwriting by the cleverness of the alleged forger. Contempt proceedings, it is asserted, will be urged if it is proven that the court has been imposed upon. Friends of Hartje's attorneys say that if this is true the lawyers have been imposed upon also, and are innocent of knowledge of the alleged forgeries.

During the day a number of depositions from witnesses for Mrs. Hartje were taken in the office of Attorney Freeman, one of her counsel.

All sorts of rumors concerning these depositions were current and they are said to be of the highest importance.

This move on the part of counsel for the respondent has caused much speculation and is believed to be the last of the evidence which will be used to contradict that of the witnesses for the libellant in the case.

The greatest caution was observed while these depositions were being taken. Detectives and guards stood about the entrance to the office, and all those not summoned as witnesses were warned away.

PUZZLE POLICE

Was John O'Brien of Eden Township Murdered for Money?

John O'Brien, aged 46 years, a wealthy farmer in the district near San Leandro, was killed by a Transit Company car at 1:50 o'clock this morning midway between Elmhurst and San Leandro.

It was at first supposed that the man had been killed by the car, but at a later investigation at the morgue, where the body was removed, the autopsy surgeons found a wound on the head which led them to believe that O'Brien had been murdered and that the body had been placed on the car track to divert suspicion as to the real cause of his death.

Sheriff Frank Barnett went to San Leandro to investigate the case.

Dr. Charles Miller, one of the surgeons who examined the body, said there was an incised wound on the back of the head which may have been made with a sharp instrument. The body was almost cut in two by the car wheels.

It was learned that O'Brien had been drinking all week. It is probable that he was asleep on the street. The motorman saw the man on the track, but could not stop the car in time. The wheels passed over the man's abdomen. He was frightfully crushed.

Later in the day the suggestion of murder completely petered out and no doubt was left about O'Brien being killed by a car.

Deceased leaves a widowed mother and a sister. He was unmarried.

Late today the friends of O'Brien still insisted that there was much mystery in the case and they want a complete investigation.

A detective, who made a thorough investigation of the O'Brien case, this afternoon, made the following statement:

"They can talk about mystery in

the O'Brien case, as much as they please, but I want to tell you that after a close investigation, I have come to the conclusion that it is simply a case of accidental death. I have been looking up the facts in San Leandro, and I find that during the past week O'Brien has been drinking heavily. I am informed that last night he was seen in San Leandro about 12 o'clock, and at that time he had been drinking. The facts indicate that he walked down the San Leandro road, got lost, became weary and lay down on the track of the Oakland Transit Company, and fell asleep. The car came pounding along at a high rate of speed, and although the motorman saw the man on the track, he could not stop his car in time to save O'Brien, and as a result, the poor fellow was cut in two. I understand his friends are talking about a mysterious blow on the head, and suggesting murder, but in my opinion, there is nothing in the statement.

"After the car ran over the body, the car men got right off and gathered up the remains. The theory that O'Brien was dead and the body placed on the track, will not appeal to any reasonable man after he has investigated the facts in the case."

SHERIFF BARNETT THIS AFTERNOON TELEPHONED INFORMATION INTO HIS OFFICE TO THE EFFECT THAT SPOTS OF BLOOD HAD BEEN FOUND SOME DISTANCE FROM THE TRACK WHERE THE BODY OF O'BRIEN HAD BEEN DISCOVERED. THE WOUND IN THE HEAD IT WAS SAID HAD EVIDENTLY BEEN MADE BY SOME BLUNT INSTRUMENT, AND RESEMBLES SOMEWHAT A BULLET WOUND. THE MYSTERY SURROUNDING THE CASE HAS NOT AS YET BEEN SOLVED.

MID AIR BATTLE

NEW YORK, July 11.—On the ninth floor laid across the girders of the eighth floor of a building in course of construction here three policemen engaged in a fight with 100 ironworkers, and all of the policemen were injured. One of them, Michael Butler, fell to the sixth floor and later died. The others were seriously but not fatally injured.

The policemen were present to prevent trouble between the union and non-union ironworkers. Four of the union men were later arrested and identified by Butler just before he died.

BLACK HAND.

SEBASTOPOL, July 11.—An attempt was made at 1 o'clock this afternoon to assassinate Admiral Choukine, commander of the Black sea fleet. The admiral was wounded and taken to a hospital. The black hand terrorists are believed to be at the bottom of the plot.

SOUGHT REVENGE

Girl Says Accused Used Her Name When Arrested for Spite.

Through the protest of Miss Rosie Epstein who last night strenuously objected to having her name on the police register as having been arrested on a charge of petit larceny, the authorities of this city learned that the girl who was caught almost in the act of stealing a diamond ring from the jewelry store of R. C. Matthews at 419 San Pablo avenue last Saturday night had given a false name when booked at the city prison.

Miss Epstein, who is employed in the jewelry store of J. Jacobs & Co. at 3247 Sacramento street in San Francisco, learned for the first time that she was charged with petit larceny when a friend showed her an account of the arrest of the girl shoplifter in the OAKLAND TRIBUNE. As soon as she could get away the young woman came to this city and informed the police that the true name of the accused girl was Rose Goldstein and that the latter had given the name of her former friend to get even after a quarrel.

Miss Epstein was accompanied by her sister Miss Lillie Epstein who is employed by the Southern Pacific Company as a stenographer and both were very indignant at the use of Miss Epstein's name by the accused girl. The latter, when confronted with the story of the Epstein girls' broken down and confessed to the police that she had given a false name when arrested and said that she had done so because she did not wish her parents who are now living at one of the relief camps at Golden Gate Park to know that she had been arrested.

ACCUSES JAILOR

A R Emery who has several times been arrested for threatening the lives of his wife and daughter and in other ways disturbing the peace of his family this morning created a sensation at the meeting of the Board of Police and Fire Commissioners when he declared that he had been robbed of \$163 by one of the jailors in the city prison.

Emery declared that he was arrested in the early part of May at which time he had the amount of money that he claims was stolen from him, in bills in one of the pockets of his coat. He alleged that the jailor, whom he designated as Fogarty, had forced him to remove his clothes in the jail yard, and had then discovered the money, which he forced the prisoner to give up.

County Convention Is Set for September 8th Next.

The Republican County Central Committee met this afternoon at 2 o'clock in the Supervisor's room in the Hall of Records.

All the members were present.

The meeting was called to order by Clarence Crowell, the chairman.

The purpose of the meeting was to agree upon a call for the Republican county convention. This convention will nominate candidates for State Senator Members of the Assembly and other candidates for public offices to be voted for at the next ensuing general election.

A petition was adopted asking the Supervisors to give the Republican party a place on the official primary ballot at the primary election to be held August 14 of this year.

The apportionment is on the basis of one delegate for each fifty votes and the majority fraction thereof out of the vote cast for William F. Wood, one of the Republican presidential electors at the election held on the 8th day of November, 1904.

The apportionment of delegates is as follows:

Forty-sixth Assembly district—Eden township, 22 Washington township, 19 Murray township 9, Pleasanton township, 8

SAYS HE WAS GENTLEMANLY

Captain Killian Takes the Stand in His Own Behalf.

SAN FRANCISCO, July 11.—Captain M. Killian, the army officer accused of assaulting Mrs. Maud Brown while she was standing in line at the "Moulder school" waiting to be given a quantity of flour, took the witness stand in Police Judge Conlan's court this morning and denied emphatically that he had even so much as laid a finger on the complaining witness.

The captain gave his testimony excitedly and had several passages of arms with Prosecuting Attorney Flood. With the testimony of Captain Killian the defense concluded its case. Judge Conlan will give his decision tomorrow.

Opposed to the testimony of the captain is the evidence given by Mrs. Brown and Mrs. E. Rice who said positively that the military man roughly handled the complaining witness to such an extent that her arm was bruised. When asked if this was true the defendant in a rich German brogue declared that he was not and said that the women in line were the most remarkable that he had ever encountered. The fact that the captain could not enunciate the English words he used without foreign accent was a surprise to the spectators.

BIG LEVEE GIVES WAY

River Forces Embankment at Stockton--Flood Results.

STOCKTON, Cal., July 11.—At 1 o'clock this morning the cross levee between the Levi and Jones tracts on Roberts Island gave way before the pressure of water which had accumulated in the former district.

The Jones tract belongs to the Ridge Land and Navigation Company and is one of its four large reclamation districts. All are thoroughly protected by levees except the one mentioned and this had a very strong embankment on the river side. The cross levee was old and weak and this caused the flood.

The main levee on the Levi tract as well as that on the Jones district was considered very substantial and it is suspected that it may have been tampered with.

The Jones tract embraces about 12,000 acres but the Santa Fe railroad embankment divides it into two tracts of approximately 6,000 acres each. The railroad forms a complete barrier to the progress of the water except at one place where there is a trestle in anticipation of danger, twenty-five or thirty carloads of gravel were dumped at the trestle yesterday and it is thought that the six thousand acres north of the railroad can be saved.

MORE LAND IN DANGER

The remaining 6,000 acres south of the railroad will probably be completely inundated although efforts are now being made to save the tract. The Greger Britannia which was swept through the Levi break on Middle River was floated this morning and was got over to the cross levee, where it is trying to fill up the gap in the latter.

TORE PICTURE FROM WALL

Husband Divorced Jealous Wife Who Did the Deed.

Superior Judge Wade today signed the papers which give King Philip Buchanan, a San Francisco, Pacific employe, an interim order of divorce from Adella Buchanan on the grounds of cruelty.

Buchanan alleged among other things that he had a picture of a lady who was a friend of long standing hanging on the wall in a room of his home. During a quarrel arising from jealousy on the part of his wife, she literally tore the picture from the wall and mutilated the features in the picture by throwing it on the floor and trampling on it. After this action on the part of his wife, he brought suit for the divorce.

Final decrees of divorce were signed today by Superior Judge Ellsworth in the cases of Marion Sheridan against Michael Sheridan, Charles A. Tucker against Grace D. Tucker, Laura Peterson against Herman M. Peterson and John H. Thornton against Della C. Thornton, all on the grounds of desertion.

INTOXICATED SAILOR ANNOYS PRESIDENT

OYSTER BAY, July 11.—Edward Moore, who claims to have been a sailor on the battleship Kentucky, created considerable disturbance here today when he called up Sagamore Hill on the telephone and announced that he was ready to take charge of the president's secret service force. From the telephone, Moore made a report of the Oyster Bay saloon district, informed several of the saloon keepers that their licenses were invalid, and that he would return to make arrests just as soon as he got his secret service uniform. His tirade of the saloon district was interrupted by a policeman who took him into custody on a charge of intoxication.

Graving for Drink Destroyed.

The best and to temperance is something that will strengthen the drunkard's weakened nervous system and cure the unquenchable craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Grains. This remarkable discovery has made so many cures among our customers that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

It is in two forms, No. 1 that can be given secretly, and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical, as it costs only \$1.00 a box and there is no detention from the usual duties, while if a cure is not effected, there is no expense whatever. Mail orders please. The Grains Co., Washington, D. C., or Owl Drug Company, Thirteenth and Broadway.

WOMAN IS OUT FOR OFFICE

Miss Kate Ames Campaigning Position of Superintendent.

Miss Kate Ames, superintendent of schools of Napa county, who aspires to the position of state superintendent of public instruction in this city and is engaged in the work of strengthening her chances of securing the nomination on the Republican ticket for the position in question. In conversation with a Tribune reporter this morning, she outlined her method of campaigning and displayed an interest and earnestness which will, of course, aid her in her work.

"I am here today," she said, "for the purpose of seeing some of the members of the state central committee, my friends and others, regarding the matter of my nomination.

"The position of the state superintendent of public instruction ought to be as much as possible out of politics. Of course, I know it is now in politics, that it is one of the positions which are looked after by political parties. The present manner of electing the superintendent is not entirely free from politics. I understand the present superintendent, Mr. Kirk, is to be in the field and there may be a number of other candidates. I am a candidate for the state superintendent on the ground of fitness by preparation and of excellent work in the position of county superintendent. My work in that position has been considered as among that of the first three or four county superintendents in the state.

"I am not seeking the place because I am a woman, but because of education and because of being practically fitted for the office. I will get some votes because I am a woman and I suppose that I will lose some votes also because I am a woman.

"I expect to get decided support from the northern part of the state. However, I will get from the south I do not know. I shall go down there as soon as I get through here.

"I am in the field and making the fight myself. I have no political leader to help me, but I shall be pleased to secure such assistance if I find any political leader willing to help. I am still superintendent of schools in Napa county. My term does not expire until next January.

"There are now about twenty women county superintendents of education in this state and as a general thing where women have once been elected they have generally been continued. I think there are those or four states in which the state superintendent of instruction is a woman, namely Wyoming, Idaho and Colorado.

ALL MOTORMEN MUST BE TEE-TOTALERS

MONROE, Iowa, July 11.—In choosing motormen for what is believed to be the first municipally owned and built street railway in the west, the street railway of Monroe, Mayor A. A. Forsythe, last night, said that the first test for fitness for this position will be a total abstinence from all intoxicating liquors.

"I am not a prohibitionist," said the mayor, "but it is absolutely essential that men occupying these responsible positions should be sober, sane and strictly reliable."

It is expected that the railway will be in operation in a short time. A remarkable feature is the fact that the road construction has not directly cost the taxpayers a cent, all expenses being defrayed by revenues from the city's municipal water works, electric light plant, and other municipally owned public utilities.

LONG TRIP FOR POET OF SIERRAS

Joaquin Miller Leaves on Vacation and Talks for The Tribune.

Joaquin Miller, poet and nature lover, leaves Oakland tonight for a vacation. His objective is Carthage, Missouri, where he will attend a sort of literary Chautauqua, a gathering where he will meet all the chosen spirits who figure in American literature of the present day.

"The Poet of the Sierras" leaves for the sweltering east garbed in the logical, but eccentric appearing dress he insists on wearing. His feet are encased in heavy walking boots, a large linen duster giving him protection from the dirt and grime sure to be encountered on the journey.

TO MEET MARK TWAIN.

To meet again his old friend, Mark Twain, or Samuel Clemens, is one of the great pleasures the poet is anticipating on his journey. The great humorist will meet the famous poet of the west in the former's native state, Missouri. Mr. Clemens also anticipates the pleasure of the meeting, and writes to Mr. Miller that he looks forward to it with the impatient anxiety of a young schoolboy. Twain will be present at the Chautauqua, which explains Mr. Miller to THE TRIBUNE, will have little of a religious character but the name. It will be more Bohemian in character than any preceding gathering of the sort.

The delegates and attendants can discuss among themselves with perfect freedom the iconoclastic views held by some of their number, sure that they will not arouse the astonishment of others. None of that sort will be present.

MALIGNED MISSOURI.

Missouri, according to Joaquin Miller, is a great, though much maligned state. One of its claims to greatness, says the poet, lies in the fact that it is the birthplace of Mark Twain. The humorist was once told this, and he remarked that Missouri also produces mules in great abundance, in fact has the record for that among the states. The poet has been hard at work on a poem he is sure will immediately take rank as his masterpiece. It is an idyllic poem, the manuscript of which Miller is carrying to the east with him. There he will attend to its publication. The poem is the love tale of a modern troubadour, a wandering minstrel who carries the weight of his heart's woe from San Francisco to the Klondike, thence to Japan and finally to Honolulu, where the desires of his heart are at last attained.

GRATE POEM.

Reminiscently caressing his long white beard, the poet closed his eyes and said:

"Yes. This is my great poem. I verily believe it is the Ultima Thule of all my literary work. It is a pastoral story, told in the heart's verse. The longings of a modern, possessing the nature and character of a troubadour of the thirteenth century, are told in it. I have called the poem 'For Love is All in All, Love.' A verse or two, which I have never yet quoted for public perusal, runs thus:

"'Aye, love is all in all, love,
Red bud and rose bower.
Yet love is but the bud, love,
Blessed marriage is the flower."

The bravest woman, truest, best,
Beneath our forty stars, is she
Who loves her spouse most ardently
And rocks the cradle oftener."

EYES CLOSED.

While repeating his words the poet kept his eyes closed in dreamy fashion. The sentiment of the poem, he says, is indicated by the verses he quoted. It shows that a revolution has occurred in Joaquin Miller's mind; that he has lost some of his iconoclastic notions regarding marital relations. The poet has written a powerful poem, full of the pioneer spirit and vim, called "San Franciscan." It will be published in the forthcoming number of Sunset, and lauds and commends the hearty, dauntless nature of the San Franciscan.

IN THE EAST.

Miller, when he reaches the East, and his friends, Markham and Twain, will show the literary men of the affete east the spectacle of a great poet, who is also, in a way, a laboring man. His face is grizzled and tanned by a hot sun, his hands are gnarled and knotted by hard work. He has been busily engaged since late spring in setting out hundreds of trees on his beautiful place outside the city, and his poetic labors have been intermingled with the hard toil of active gardening.

Miller cannot tell just when he will return to the west. The literary meeting, which he aims to attend, does not commence until the 15th of August. It will continue two weeks. Then will follow a trip to New York city, to attend to matters of publication. Perhaps Boston will also be visited by the poet. At any rate, he declares that he intends to take a real, long vacation.

UNHAPPY WIFE ASKS FOR SUPPORT

Helena Martin has filed suit for maintenance against Albert E. Martin. The couple were married on January 2, 1898, there being one child, Ernest Martin, aged 7. The plaintiff alleges that she was deserted by her husband in February, 1906. She recites in the complaint that he is an improper person to have the custody of the child. She asks for \$15 a week, \$50 attorney's fees, and the custody of the child, and asks the court to enjoin Martin from taking the child away from her, as she alleges he has threatened to do on various occasions.

SCHOOLS SHOULD TEACH TRADES

College President Thinks That Better Than Apprenticeship.

NEW HAVEN, Conn., July 11.—The American boy's right to be taught a trade in school instead of under the restrictions of a labor union, the members of which are jealous of his advancement, was asserted by President F. S. Luther of Trinity College, Hartford, in today's convention of the American Institute of Instruction. President Luther says:

"Today there are few apprentices and such as may still be found are learning very little. The labor unions restrict the number of apprentices to limits grotesquely below obvious needs. The boys suffer from jealousy, ill-will and incompetency of those who are supposed to teach them, and from the greed of employers who try to get a man's work out of them for a boy's wages."

JOLLY EVENING AT LAKESIDE RINK

One of the jolliest evenings the lovers of skating and the attractions that are incident thereto have enjoyed in a long while was that at the Lakeside Skating Rink last night. The management had prepared a special "bill of fare" for the pleasure of its patrons and the latter responded by turning out in large numbers to watch the contests and whirl around the smooth, even surface between times.

The couple race—or mixed team race—with a lady and gentleman on each team, proved tremendously exciting and was sufficiently close throughout to keep the spectators on the qui vive. The obstacle race was a distinct novelty and provided no end of amusement, inasmuch as some of the contestants had considerable difficulty in getting past the hindrances placed in their path, which, of course, made all the more fun for the onlookers.

Friday night, of this week, is to be ladies' night, with a special program of events and last night tickets for that evening were given to every lady in attendance. The program for Friday night is said to be even more attractive, if possible, than that of last evening.

MENACED BY FAMILY

Aged Woman Says Son and Husband Threaten to Burn Her Property.

Mrs. Bertha Mauser, an aged woman of Hayward, today filed suit against her own son and husband, asking for an injunction prohibiting the transfer of a promissory note for \$1100, which she says was made by her under threats by the defendants to burn her barn and drive away the stock she had on her farm. The son, Charles A. Mauser, is the direct defendant in the suit, but in the complaint it is recited that he was aided in his actions by Charles Mauser, the husband.

THE COMPLAINT.
The complaint among other things alleges that the plaintiff owns and resides upon 16.25 acres of land, near the town of Hayward, on which there were a house and barn and a cow and horse grazed on pasture land there. Her husband resided with her there up to May 20th, of this year, as did the son. On April 28th, last, it is alleged, the defendant, while laboring under great excitement, anger and nervousness, by and with the aid of Charles Mauser, compelled the plaintiff to sign her name to the promissory note.

She was at the time of signing the instrument so nervous and excited because of the alleged action and language of the defendant that she could not and did not read the paper and did not know she was signing a promissory note. She alleges that the act was not of her free will and that it was signed under duress and fraud. The complaint further reads:

THE THREATS.
That in order to force plaintiff to sign said instrument, defendant in a violent and uncontrollable temper and in a loud and boisterous and threatening manner told plaintiff just prior to the signing of said instrument that unless she signed the same without delay, he would immediately burn her barn and drive away and sell her cow and horse, and plaintiff, being aged and infirm, and in a timid and nervous condition, and plaintiff, from the manner of the defendant, thought that he intended to, and would, carry out

CHARGE GRAFT

Chinese Refugees Assert Supplies Have Been Diverted.

A committee of Chinese refugees which have been located at Lake Merritt since the San Francisco fire, called at THE TRIBUNE office today and asked that an investigation be made regarding a number of articles which they believe have been forwarded to the camp by the government, but which have never arrived at their destination. They say that three Chinese, Fung Mun Guong, So Hoo Peduck and Leong Hong had charge of the distribution of these things and they want to know whether or not they received the goods, and if so, what they did with them. It is claimed that 59 cases of salmon, 600 pairs of shoes, 500 suits of clothes and 1000 quilts have not been accounted for.

The refugees would like to know from the government officials or from the Relief Committee whether or not these goods were given to the Chinese. The refugees claim that they have been told that the articles were awarded to them, but that they have never received them. They appeal to the government officials to have a complete investigation in order that their rights may be protected.

WILL GO TO CHINA.
WASHINGTON, July 11.—Adjutant-General Dr. of the state of Washington has been tendered and accepted the new post of United States attorney for the United States court in China and Korea provided for by the last session of congress. The state department has taken instructions to Attorney-General Wilkie, at Manila to proceed at once to Shanghai, China, to open up the new court and the other officials have been notified to proceed to Shanghai from this country at their earliest convenience.

his threats, signed the instrument without consideration or anything of value having passed from the defendant to the plaintiff.
Plaintiff asks that the defendant be required to produce and surrender the instrument in court and that it be cancelled as the defendant has threatened to bring suit for the collection of the amount written in the note.

KNOWLAND IN SPEECH

Congressman Addresses the Native Sons and Daughters.

The Native Sons and Daughters of Oakland last night held a memorable meeting. It was for the purpose of jointly installing the officers of the respective parlor. The ceremonies were held in the Native Sons hall on Washington street and were according to the joint ritual prescribed by the grand parlor.

When the outgoing officers had been duly thanked for their services of the preceding year, and their successors inducted into their new positions, the strictly ceremonial portion of the evening was over. Following came a varied program of literary and musical in character, the chief feature of which was an address to the Native Sons and Daughters and their guests by Congressman Joseph R. Knowland.

KNOWLAND TALKS.
Mr. Knowland, who has but recently returned from his Washington post, was heartily received. A Native Son himself, he had earlier in the evening participated in the ceremonies of the parlor. He told the gathering how happy he was to be again in California, that he now appreciated the real beauty of the Golden State after he lived for a time in the east. He said the contrast was especially great to one coming from the east to the west, and, of course, very favorable to the Pacific coast.

Congressman Knowland touched in his address on the public spirited work of the Native Sons and Daughters all over the state. He cited instances where they were forwarding movements of a very beneficial municipal character. He also told of the work the various parlor in this state are doing to preserve landmarks and historic buildings.

COMPLIMENTS PEOPLE.
The congressman's speech was replete with compliments on the energy of the people of San Francisco since the fire. He said that all over the east he had heard expressions of encouragement and admiration for their spirit. According to the congressman, the eastern people have not the least doubt that a few years will see a greater and more beautiful San Francisco than ever existed.

THE OFFICERS.
The newly installed officers of Athens parlor, N. S. G. W., are as follows: Past president, J. P. Lugen, president, E. S. Baber, first vice-president, F. P. Lugen, second vice-president, J. L. Flynn, third vice-president, D. G. Howie, recording and financial secretary, E. F. Garrison, treasurer, E. G. Buswell Jr., marshal, E. T. Bivens, trustees, C. H. Cons, B. R. Larkin, Dr. P. C. Kiegan, and George W. D. Huntington, J. L. Milton, George D. Reine, C. E. Curtis, H. D. Bell, inside sentinel, P. G. Lampping, outside sentinel, Robert Parker.

The installing deputy was B. H. Dean, and J. J. Nagel of Oakland parlor was grand marshal. B. Dwyer of Russian Hill parlor acted as grand secretary.

GIVEN MEDAL.
The outgoing past president, Charles S. Gross, was presented with a medal, the Hon. John J. Burke of West Oakland making the presentation speech.

NATIVE DAUGHTERS.
Alpha parlor, N. D. G. W., installed the following: Past president, Miss Gussie Alexander, president, Miss Alice Danforth, first vice-president, Miss Dora Andrews, second vice-president, Miss Minnie Taber, third vice-president, Mrs. Frances Purcell, recording secretary, Mrs. Sarah Sanborn, financial secretary, Mrs. Haggart, treasurer, Miss Delphine Sisterna, marshal, Miss Tillie Frick, inside sentinel, Miss Louise Wyckoff, outside sentinel, Mrs. Mamie Coleman, Mrs. Libby Pooney, Mrs. Louise Elmore, Mrs. McCarthy, organist, Mrs. Joie Morgan, physician, Dr. Z. A. Derrick.

The installing officer was Miss Amanda Hammyer, assisted by Grand Vice-President Mrs. Foley, Mrs. Moser of Piedmont parlor was grand marshal. The retiring junior past president was Miss Jennie Johnson.

MAKES EXCEPTIONS TO COURT'S ORDER
Mrs. Mary Marques de Gouvria, commonly known as Mary Marks, today filed a bill of exceptions to an order of court in favor of the Pacific Coast Company, which is defendant in a damage suit brought by her for \$40,150 following the death of her husband, John Marques de Gouvria, or John Marks, who fell into the hold of the Montana, a ship owned by the defendant company, on January 8, 1896. She alleged in her complaint that the company was negligent in not keeping the decks of the vessel properly lighted. Marks died at the Receiving Hospital shortly after the accident.

Judgment by default was entered in her favor on April 3 of this year, but the Pacific Coast Company later obtained an order of court to set aside the judgment on the ground that there was no default. Hence the suit.

FIRE DEPARTMENT DOES GOOD WORK
Prompt work on the part of the fire department last night prevented the destruction of the Klugeberg Saratoga Chip Factory, near Third and Adeline streets, by a fire which was caused by the ignition of a pile of rubbish in the rear of the plant. An alarm was turned in from box 128, at Third and Adeline streets, at 9 p. m. When the firemen reached the burning structure the flames had obtained a good start.

A further spread of the flames was prevented, however, and the fire was extinguished with slight damage to the factory.

SALE OF RUGS AT KAHN BROS.
Some Interesting Facts About an Exceedingly Successful Enterprise.

Within twenty-four hours after that memorable 18th of April an order for rugs was speeding on its way to the East that bore an abundance of evidence of foresight for Kahns' for that order asked the immediate delivery of a quantity of rugs that would stagger almost any market.

For months previous negotiations had been in progress toward a purchase, but Kahns' were in doubt as to their ability to use the quantity necessary and consequently hesitated. But with the change of affairs, the complete destruction of all San Francisco stocks and the influx of residents into Oakland, all doubt was removed and the order, doubly big, was rushed through with all possible haste.

It was then estimated that the rugs would arrive about June 1st, which would enable Kahns' to have full advantage of the heavy June demand. But the rugs did not come—day by day they watched for them and not until well after July 4th did the last lot put in appearance.

Now rugs are bulky things and Kahns' were pinched for room. So they concluded to sell as many in one week as possible, retaining the remainder, after the sale, as regular stock.

Kahns' started this sale Monday last and Monday they did a tremendous business. But the strange part of it all is that Tuesday they sold nearly double the quantity of Monday and today bids fair to even eclipse the record of Tuesday.

As an explanation of this curious increase of sales one of the members of the firm said: "I think possibly that a great many of our patrons came Monday purely out of curiosity through the big TRIBUNE ad, with no intention of buying. Upon seeing the rugs they consequently changed their minds and, as the purchase amounts to considerable, returned home only to come back Tuesday and today ready to purchase. Then again I think a great many people came in today and yesterday on account of information furnished them by ladies who purchased here Monday. The one thing that especially pleases us is the splendid patronage we are receiving from hotel people, who claim they never saw values so equal these."

No doubt Kahns' are deserving of their success of this sale. They have been planning it for a long time and the rugs are certainly worth investigating. You can't make four or five dollars any easier.

SAULTER ON TRIAL.
The trial of Fred Sauter, charged with burglary, was called today before Superior Judge Ellsworth. Sauter is accused of having stolen \$100 in money from Little Turner on May 24th, last. The morning session of the case, which is to be heard before a jury, was postponed owing to the inability of the court to procure a shorthand reporter, the stenographers being at work in other departments.

BERKELEY BOY IS MISSING

Peter Anderson, Aged 20, Has
Not Been Seen Since
Sunday.

BERKELEY, July 11.—Some little apprehension is caused by the disappearance of Peter Anderson, an employee of L. M. Gilman, who conducts the Berkeley Wood and Coal Yard at 2167 Addison street. Combined with the strange disappearance is the sudden departure of a bicycle valued at \$65 and five dollars in coin which the young man borrowed from Gilman just previous to his departure.

Mrs. P. H. Larkin of 2411 Grove street, where Peter Anderson was boarding, makes the statement that Anderson left her house last Sunday, presumably to go to West Berkeley. He was riding the wheel when he left the house of his landlady. He came back again from West Berkeley where he said that he was waiting for a friend and informed Mrs. Larkin that he had to go to the sixteenth street depot as he expected some friends of his on the evening train. That was the last that was heard of the young man according to a report of his friends in Berkeley.

WAS SEEN LATER.

But Chief of Police Volmer was informed by a boy in Oakland that Anderson was seen at 3 o'clock on Sunday afternoon at the corner of Fourteenth and Broadway, Oakland. Since that time the police have no clue as to his whereabouts. The young fellow is such a sunny young man that his employer at the wood and coal yard is not inclined to believe that he was guilty of running away with the money.

Peter Anderson is about twenty years of age and has only lately come from Chicago. He is very good looking, of a fair complexion but with light eyes. He has a very expressive face and is inclined to be a bit of a flirt. He is thought to have left for his former home. Meanwhile the loss of the wheel and the borrowed five dollars is troubling the police.

J. P. BARRETT FIRST IN SENDING STORY

The Constitution of Atlanta, Georgia, of Friday, April 20, in discussing the earthquake and fire of San Francisco, contains the following paragraph about a well known San Francisco newspaper man:

"The first newspaper man to escape from the doomed city and get his story on the wires was Jack Barrett of the San Francisco Examiner. This story appeared in the columns of the Constitution yesterday. About 10 o'clock T. N. Heffron, who has one of the most important parts in the 'Mummy and the Humming Bird' at the Bijou, called at the office. Mr. Heffron's home is in San Francisco and as his family is still there his presence can only be imagined. In regard to the newspaper man who filed the first story of the disaster Mr. Heffron said:

"I know Mr. Barrett very well indeed and he is accounted as one of the best newspaper men in Frisco. While he is more than five feet high, he is a man in his profession and I was not at all surprised to find that he was the first to make good in sending the story of the disaster to the outside world. Mr. Barrett was connected with Mr. Hearst's New York American for two or three years but came back to his old home city several years ago. He made a big reputation with his political and special stories and is one of the best general correspondents and after dinner speakers in the entire state and is much sought after for this reason. While he has a remarkable genius for the humorous and the pathetic, he knows how to handle a straight news story and is a man who can be trusted in presenting the facts as they really are."

S.S.S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes feeble, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disarrangeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

OLD RESIDENT TAKEN BY DEATH

Mrs. Marie Remillard Died Today
at the Age of 88
Years.

Mrs. Marie Remillard, a pioneer of this city, and one of the founders of the old and respected family of that name, died at her home, 2515 Grove street, yesterday morning at an early hour, at the advanced age of 88 years.

The deceased was a native of Naperville, Canada. She came to this country in her youth with her husband, the late Hilarie Remillard. She was the mother of P. N. Remillard, Edward Remillard, Mrs. Giroux, Mrs. P. L. Lamoreaux and Mrs. J. A. Hill.

Her career was for a number of years prominent in the business life of this city, having conducted with a great deal of success one of the largest brick making plants on the Pacific coast. This industry is still in existence and is exceedingly profitable.

The funeral of Mrs. Remillard will take place tomorrow morning. The services will be held in the Church of the Immaculate Conception on Grove street, between Seventh and Eighth streets.

NEBRASKANS TO MEET W. J. BRYAN

LINCOLN, Neb., July 11.—Leading Democrats of Nebraska are making arrangements for a special train of Pullman sleepers to go to New York for the reception in honor of William J. Bryan. The leaders of the movement expect to take about 300 "home folks," who will meet Bryan when he steps on the pier.

The incorporation of the Piedmont Construction Company were filed today by John Tiesch and Hattie A. Hunter of Oakland and William S. Graves of Berkeley. Oakland is the principal place of business and the capital stock is \$25,000, of which amount \$20 has been subscribed.

The incorporation is to engage in the general business of building and demolishing buildings, remodeling debris, the construction of buildings and a general wrecking and construction business.

ARRAIGN ALLEGED THIEVES.

SAN FRANCISCO, July 11.—Thomas Riley and James Maloney, accused of having assaulted and robbed James Goslin of \$5.00 last Saturday night at the corner of Chubb and Palmer streets, were arrested last night by Detectives Graham and Harrison. They appeared this morning before Police Judge Shortall for arraignment, but their cases were continued one week.

MRS. C. N. WOOD DIES AT CAMP MECKER

Mrs. Charles N. Wood of this city died yesterday after a short illness at Camp Mecker, where herself and family had gone on a summer vacation. The deceased was the wife of Charles N. Wood of the well known paint and paper firm of Al Wood & Brother of this city.

One week ago last Saturday, Mrs. Wood and her husband went to Camp Mecker with the intention of passing a month in an outing in that resort and both entertained hopes of having a most enjoyable period of rest and recreation. Although not seriously ill, Mrs. Wood was ailing at the time but it was thought that a sojourn in the woods at the well known pleasure resort would be beneficial to her. The hopes of the family were realized, however, and despite the fact that several physicians were in attendance upon the patient, Mrs. Wood passed away at an early hour yesterday morning. The remains were brought to this city last evening. The deceased is survived by her husband and two children.

The death of Mrs. Wood has caused sadness among many friends because wherever known she was appreciated and admired. A positive burial will take place tomorrow morning at 11 o'clock, from the family residence, 555 Twenty-fifth street. The remains will be incinerated. The funeral will be private.

SWINDLERS ACTIVE AGAIN

Police Kept Busy by Operations
of Petty Criminals.

The police this morning received a report that the swindlers who a few weeks ago flooded this city with bills on the defunct Planters' and Merchants' Bank of Georgia have again begun operations. Charles Tanbert of 613 Eighth street reported that last night a man rented a room from him, giving in payment one of the worthless bills.

Tanbert did not notice the character of the bill, which was for \$10 and promptly changed it, giving the stranger \$3.25 in good coin. This morning he discovered that he had been victimized and at once reported the matter to the police.

Mrs. S. C. Dungan, residing at 1623 Hearst avenue in Berkeley, reported to the police this morning that she had lost a purse containing \$8 somewhere in Oakland yesterday.

D. Menery, who lives at Eleventh and Campbell streets, reported the theft of a Hamilton bicycle, which was stolen from the Southern Pacific roundhouse in West Oakland yesterday.

A black mule was placed in the city hall stables by the police last night, awaiting the discovery of the owner of the animal. The mule was taken from a boy who gave the name of James McArdu. who informed a police officer that he had purchased him from a boy in Pleasanton for \$1.

OPERATOR ARRESTED.

J. A. Waters, a telegraph operator, was arrested this morning on complaint of David Shea, who charged Waters with having stolen \$10 from him at John Creagan's saloon. Shea alleges that he had laid the money on the bar and that Waters had picked it up, and concealed it in his hand.

Waters was placed under arrest and when searched at the city prison the money was found in his pocket. The accused was booked at the police station on a charge of petty larceny.

J. S. McDOWELL AS BUSINESS MANAGER

"Once a Week," the bright little paper which has been published and edited in this city for some time past by Zoe Green Radcliff, appears this week in enlarged form, an artistic and metropolitan appearance and, at the same time, prints at the head of its editorial columns the name of J. Sherman McDowell as manager. The paper has made quite a hit since its establishment, because it took possession of a field which had not previously been occupied. It appealed to writers, artists and musicians and those who could appreciate the work of those professional classes. There was, too, about it a spice of bohemianism, which made it welcome to a still larger clientele.

Ability, however, in the lines indicated does not always conduce to success in the journalistic world. Business management of a capable and experienced character must be wedded to brightness and versatility in order to make a harmonious whole, and such qualities are found in the new manager of the paper, Mr. McDowell. This gentleman brings to the position years of ability, years of experience and an acquaintance with the public and people in professional walks of all kinds, not alone in California, but all over the country. He possesses, at the same time, a gentility which is well appreciated by his friends and which will undoubtedly commend him to the new ones whom he is bound to make in his new position.

Mr. McDowell's proficiency in the managerial business has long been displayed in the business department of THE TRIBUNE, with which he has been connected for years and there is no doubt that he will meet in his new position with the same liberal appreciation from the business world and public which he commanded in connection with this paper, from which he now retires.

WANT ROOSEVELT TO VISIT HAWAII

HONOLULU, July 11.—Governor Carter has written to President Roosevelt inviting him to visit the Hawaiian Islands in connection with the reported intention of the president to go to Panama. Governor Carter suggests that the president, by means of a triangular trip, visit the Isthmus and Honolulu, thence to San Francisco.

Brewers Support Pure Food Bill

Beer Shown to be One of the Purest of All Food Products.

The brewers of the United States, as an association and individually, have been staunch supporters of the National Pure Food Bill. Their support has not been a half-hearted acquiescence, but a whole-souled, earnest, energetic effort to have enacted a law that will give the people what they are entitled to: pure, wholesome food.

Beer, when properly made, is one of the purest, most wholesome foods known. With the hardworking man nothing can take the place of beer with his lunch—or with his meals. It quenches his thirst and furnishes him nourishment. Pure beer is shown by analysis to be absolutely pure and 12 per cent food value (the same as good milk). This high percentage of food value of Fabst Beer is due to the exclusive Fabst eight-day malt. Malt for brewing is usually made in four days, but Fabst malt is made in eight days, retaining all of the rich nutrition of the grain. Malt made by the usual four-day process produces a thin, hard beer that lacks the rich flavor and the high food value of Fabst Beer.

FORTUNE FAVORS MANY

No one can realize how many people will take advantage of terms and prices when they are cut in half, even if they have no place for the instrument at the present time. Over 200 instruments are stored for people by us, who paid for or put small deposits on instruments in order to avail themselves of an opportunity which has never occurred before, and which is hoped will never occur again.

Only a few of the instruments remain which were left in empty houses in San Francisco by parties who moved and left no address, in consequence of the recent disaster, but among these are still some wonderful bargains in a number of different makes of which were sold for from \$300 to \$600, and which are put on sale at the balance remaining unpaid, which range from \$50 to \$200. Some nice little up-rights as low as \$40 which were sold for \$150 and \$200, but the opportunity in a new instrument which we have induced the factories to discount for us at less than one-half the actual manufacturer's cost, is what we particularly wish to call your attention to.

We had regular shipments of hundreds of pianos per month, which were in transit and are landed at the Southern Pacific Railroad depot. Our intention was, shortly after the disaster, to reship those pianos, but factories promised to do everything to help, then we told them to stand part of this loss, "our company lost over a quarter of a million, if you will cut your manufacturing cost in half and throw off your profit on shipments now en route and at depot, we will give public the benefit of it." This was generously done by factories that were dealing with us for over twenty years, and in consequence the public is given an opportunity to buy the most beautiful and finest instruments in all the different woods at less than one-half of what it actually costs to manufacture them, with a small profit which we demand to pay for these advertisements and the actual running of our establishments. This does not amount to more than from \$5.00 to \$15.00 on each instrument, as the quantity of pianos which have been placed in the past month exceeds that of what is usually done in six months' time. Thirty to 40 pianos per day is what we have been placing with people who know a good thing when they see it.

Think of buying a beautiful ne winstrument which you would have to pay \$500 or more for at a little over \$200, or a good medium grade that you would pay \$350 for, for \$150 to \$200, and the class which is usually sold for \$250, for \$125, and every instrument guaranteed for a lifetime.

A very small deposit is all that is required to hold an instrument for you, but an early call will be absolutely necessary, as after this week we expect to resume our old schedule of prices, which, although lower than our competitors, is double what you are getting this instrument for. Investigate right now if ever in your life you intend to be interested. It is only a little trouble and we guarantee it will save you over \$100 in any case at least. HEINE PIANO CO., 1252 Broadway, Oakland, Albany Block. you over \$100 in any case at least. HEINE PIANO CO., 1252 Broadway, Oakland, Albany Block.

The Impotent Savagery of the Unwritten Law.

Rev. Thomas B. Gregory, a writer for the Hearst Syndicate, makes a plea for the "Unwritten Law," taking the Thaw-White murder case for a text.

The unwritten law is the law of the jungle, the law of the primitive savage. It is abhorrent to the spirit of Christian civilization, is illogical, and ineffective as a means of protecting the purity of homes and the chastity of wives. It is merely the social sanction for taking a barbarous vengeance, having personal pique and vanity more than anything else for its inspiration.

Doubtless the Rev. Thomas B. Gregory knows of men notoriously false to their marriage vows who slew other men for offenses precisely such as they themselves were guilty of. He perhaps knows of other men who married women knowing them to be unchaste and then murdered somebody because they had made a mistake.

In England the man who murders another for committing adultery with his wife is promptly hanged. The social code there does not nullify the statutes against murder. In France even the preening, gasconading remnants of the ancient noblesse have ceased to fight duels in defense of their honor as husbands. When they do fight the duels are so bloodless as to be farcical. Nowhere on the continent of Europe is the unwritten law recognized or pleaded as an excuse for committing murder. Coleman Drayton did successfully introduce it in Paris, but he brought it from America and the man he killed had been so absurdly open in his relations with Mrs. Drayton that public opinion justified the killing on the ground that he invited it.

In Canada they have no unwritten law. Juries there do not recognize social impurity as a justification for murder. And it has been noted that where the plea is not allowed men cease to assume the role of executioner. Like emotional insanity, uncontrollable indignation at domestic wrong ceases to manifest itself when immunity is withdrawn.

Of course the man who invades the precincts of a home to gratify his evil passions and defiles the domestic hearthstone in plying the arts of a seducer deserves no sympathy, is entitled to no consideration; but the unwritten law is no remedy for the disease and is infinitely worse than the ailment. It too often affords a pretext for conspiracy and murder; it is sometimes made the vehicle for blackmail, and in many cases it is falsely invoked to secure immunity for atrocious crimes. It is a terrible instrument in the hands of unscrupulous men and women, and, besides, is utterly futile as a protection to female virtue.

It is as barbarously ineffective to accomplish the result which is its only extension as is lynch law. It opens the door to execrable crimes, and gives occasion to shocking and tragic blunders. It furnishes laces with a congenial field for operations, and is a cover for the corruption of juries and the defilement of the very springs of justice.

Moreover, if every husband with an unchaste wife slaughtered her paramours, the whole land would be a scene of frightful carnage. The awful consequences of literally following the so-called unwritten law would be so horrible and all-pervading that its futile atrocity would be apparent to the dullest understanding. The law can only be defended because it is so rarely resorted to. Happily, not one man in a thousand is disposed to become an assassin because his wife proves herself a wanton, hence the infrequency with which blood, guilty or innocent, is shed as a libation to departed chastity.

The Rev. Thomas B. Gregory allows his indignation at seducers in general to obscure his good sense to the extent of defending an institution far more barbarous than dueling and infinitely worse than slavery.

The Tehuantepec Railway.

It was announced some time ago that the railway across the Isthmus of Tehuantepec would be opened for regular traffic in June this year, but the opening has been delayed and will probably not take place before November, possibly later.

When this line is opened it is expected to cut a considerable figure in transcontinental traffic; it will certainly be used to some extent in transporting building materials from the East to San Francisco. The Hamburg-American line will inaugurate, under a contract which will last till the opening of the Panama Canal, a triangular steamship service between Hongkong and Yokohama in the Orient, San Francisco and Salina Cruz, the Pacific terminus of the Tehuantepec railroad. A service with the ports of South America will also be instituted, and the Pacific Mail has made Salina Cruz a port of call for their steamers in the Central America trade.

On the Atlantic side steamship connections with New York and New Orleans, and probably European ports, will be instituted. The facilities for traffic will therefore be ample on both sides of the isthmus. It is stated that the road is in first-class condition and the facilities at either end for the unloading and transfer of freight unrivaled, so far as cost and expedition are concerned. If these statements be true, the Tehuantepec route ought to become a formidable factor in regulating transportation rates by land and sea between the Atlantic and Pacific coasts.

The road will be operated by an English company under a contract with the Mexican government. Sir Weetman Pearson and his son, Thomas Pearson, the great English engineers and contractors, are at the head of the company, which is a guarantee that the road will be operated efficiently.

A newspaper says, "Thaw bears up remarkably well notwithstanding the terrible ordeal of twelve days' confinement in the Tombs." Dear, dear, isn't it dreadful that a fellow with so much money to spend as Thaw has should be compelled to spend nearly two weeks in jail for the trifling offense of shooting down in cold blood one of the most gifted men on the continent? It is positively dreadful. There is little encouragement in such treatment for the leisure class in America. It is horrible to think of such a useful and amiable person as Thaw being locked up for twelve whole days. But isn't it heroic in him to bear the torture so well! If Thaw were a hod carrier he would be hurried to execution with lightning speed amid a storm of execration. But he has millions at his back, and that makes a great difference, don't you know. It will never do to hang a man with so much money.

A Surplus in the Treasury.

After Congress adjourned two years ago it was freely predicted by the opposition, and admitted by Republicans generally, that there would be a deficit of considerable proportions for the fiscal years 1905 and 1906. Some Democrats estimated this impending deficit as high as \$75,000,000, while the Secretary of the Treasury figured it at \$8,000,000. But he overestimated expenditures by \$7,000,000, and underestimated receipts by \$27,000,000, a difference of \$34,000,000 in striking a balance. Instead of a deficit, the treasury has an actual surplus. The appropriations at the session just closed call for an expenditure of \$60,000,000 during the next two years above the two years just closed, but the revenues are increasing and the treasury will get a rebate of \$25,000,000 from the sale of Panama bonds. It is estimated that the revenue will show an increase of \$50,000,000. Should this expectation be realized, the government will have an additional surplus of \$15,000,000 at the end of the next two years. Apparently there is nothing wrong with our fiscal system.

A newspaper opposed to Governor Pardee says the Governor cannot be renominated because he is persona non grata to Mr. Abraham Ruef. Are the Republicans of California to be governed by Mr. Ruef's wishes in the matter? We hardly think it has come to that yet.

NICHOLAS TO THE DOUMA.

My children dear, I'm glad you're here,
From all about the nation,
I'm sure you'll do your duty, too,
In your administration.
I shall allow your meeting now,
But, pray be nice and quiet,
I'd hate to call my soldiers all
To quell a Douma riot.

You can't make laws, of course, because
My officers won't let you.
The army will obey me still,
But do not let that fret you.
I have the say about your pay,
And if you should get funny
I could disperse you and—what's worse—
Refuse any money.

To bat and bruise and bait the Jews
Remains my duty pleasant.
You may not free the towns from me,
Nor liberate the peasant.
I shall retain (as it is plain
I have the right to do it)
All taxes which the poor or rich
Hand in—there's nothing to it.

I have the right to start a fight
Without your kind assistance.
I may transport your friends from court
To any needful distance.
I must confess I fail to guess
Exactly what you can do.
Except discuss Daudet in Russ
Or guess the strength of Sandow.

But welcome here, my children dear,
To this momentous session.
Your looks are good, you truly should
Create a fine impression.
You may advise, in manner wise,
Or cause a party schism.
But when you're done I still shall run
The same old despotism.
—Berton Bailey, in Butte Inter Mountain.

THE GRAY COMRADES.

Out of the dust of cities and the din of men
I come to the clean spaces of the wide windy moors,
Saying: "Glad, O my kindred, I come hither again!"
Saying: "Hail me, my comrades, for my heart is yours!"

O voices calling and crying in the shadows gray,
Telling the dear tales over that were long since told:
Keepers of sweet memories from a bygone day—
Kind bountiful bosoms and brows wise from of old.

Centuries long they have listened to the four winds' rage:
They hearken the puny plaining of a little world's annoy!
They have known earth in the making, they live from age to age,
Yet remember an hour's sorrow and a moment's joy.

"Here," they say, "were you happy on a morn of Spring,
Here sang your heart like a harp that the wind swept;
Here are paths that are holy by the dreams they bring,
Here in the gray gloaming you lay down and wept."

Years go by with their burden of what once has been.
Here is never forgetting on the gray breast of the moors
Ah, the voices of friendship that were here yestern!
Ah, the footsteps beloved keeping time with yours!"

O wise hills and tender! aglow with beacons afar,
That kindle fires of the past from embers faded and gray,
Keeping our hearts' lamp burning through the dark hours that are
Between tonight's twilight and tomorrow's day!

SOCIETY

WEDDING OF POPULAR COUPLE

Miss Eleanor Geimann Is the
Bride of Fred C. Crawford.

The wedding of Miss Eleanor Geimann, daughter of Mrs. Elizabeth Geimann and the late Captain W. M.

FRED C. CRAWFORD.

MRS. FRED B. CRAWFORD.

Geimann and Fred C. Crawford, took place this afternoon at the home of the bride, corner Golden Gate avenue and Steiner street, San Francisco. Rev. Father Ryan of Holy Cross parish officiated at the ceremony. The home was beautifully decorated for the occasion. The bride was charmingly gowned and carried a shower bouquet of white roses. She has a host of friends on both sides of the bay.

Mr. Crawford for years has been in charge of the renting department of the G. H. Umben Company of San Francisco.

The couple will go on their honeymoon, and returning, will reside in San Francisco.

WILL LECTURE.

Dr. E. E. Baker, pastor of the First Presbyterian Church, has accepted an invitation to lecture before the Wil-

lamette Chautauqua, which convenes in Oregon City, Oregon, from Sunday, July 15, to Wednesday, July 18. From the northern city Dr. Baker will go East to spend a vacation with his wife and family, returning in September.

SUMMER PLANS.

Mr. and Mrs. Albert Smith have returned from a visit to Sacramento, where they were the guests of Governor and Mrs. Pardee. Mrs. Smith will spend part of the summer near Lake Tahoe and the Pardes are also planning to enjoy an outing near the lake.

CROWE-ZABEL.

The marriage of Miss Gussie Zabel and S. E. Crowe of Santa Barbara was celebrated last Monday evening at the home of the bride, 533 Thirty-third

street. The marriage service was read by Rev. S. Goodenough of the Christian Science Church. Councilman Elliott attended the groom. Mrs. T. Wike acted as matron of honor.

The wedding was one of the interesting events of the month, owing to the prominence of both parties. The bride has been a member of the local school department for several years and is a charming, popular young lady. She is a member of the Unity Club. The groom is a prominent attorney of Santa Barbara and has many friends here and in the South.

Mr. and Mrs. Crowe will spend their honeymoon on a Northern trip, including a visit to Alaska. They will make their home at Santa Barbara.

MAJOR-ANGST.

The home of J. H. Major at 275

Claremont avenue was the scene of a pretty wedding on Monday evening, when Miss Mabel Emma Major became the bride of John Angst of Eureka.

The ceremony was performed by Rev. J. W. Horn, pastor of the South Methodist Church. Only relatives and a few friends were present.

Mr. and Mrs. Angst have gone to Eureka, where the groom is a prosperous young lumberman.

HOME WEDDING.

At a pretty home wedding at the residence of the bride's parents on the evening of July 7, Miss May Watrous of Point Richmond was married to Archibald H. Campbell of Oakland. In the presence of the members of their families and a few intimate friends, the Rev. Dr. Yeaker performing the ceremony. Miss Gertrude Campbell attended the bride, while the groom was supported by John Blowski. Miss Bessie Beatty played the wedding march. The services were followed by an elaborate supper.

The couple will reside in Oakland until their new home is completed in Stege, where Mr. Campbell is chemist at the California Cap Works.

AT COUNTRY HOME.

Mrs. Philip Boone of Berkeley and Mrs. Ralph Phelps are spending the summer at Winton Lodge, the Boone country home in Shasta County. Charles Boone is also at Winton and Miss Kelsey Patterson is a guest at the pretty retreat.

EBELL CLUB.

The ladies of Ebell are rejoicing over the splendid progress of their new building and yesterday the sum of \$6000, the first payment, was made, on the completion of walls and foundation. The work will be carried on steadily for the next few months and Ebell expects to occupy the handsome new edifice early in the fall.

JONES-BALLARD.

The wedding yesterday afternoon of Miss Gertrude Jones and Webb Ballard was an important event of the week and took place at the home of the bride's parents, Mr. and Mrs. Clinton Jones, on Buchanan street, San Francisco. Rev. Father McQuaide performed the ceremony at 3:30 o'clock.

The bride wore white silk mull over white silk, trimmed with a yoke, berthe and flounces of rare lace. She wore a large white hat with plumes and carried a bouquet of pink roses. The maid of honor, Miss Helen Jones, was gowned in white chiffon and Miss Bessie Bates, the only bridesmaid, wore pale pink chiffon over pink silk. Both attendants carried shower bouquets of maidenhair fern. Austin Sperry was the best man and Paul Jones acted as usher.

Mr. and Mrs. Ballard have gone North on their wedding trip and will leave in a fortnight for Minneapolis where they will make their home.

MAKES DEBUT.

Frank Thompson made his professional debut last Monday evening at Idora Park opera house in "When Johnny Comes Marching Home." He is a member of the Family Club, the Corinthian Yacht Club, the Elks and Olympic Club and among his friends in the audience were: Dr. and Mrs. Fred Morse, Mrs. Craig Major and Mrs. Sherman, Judge H. A. Melvin, Mr. and Mrs. Harrison Clay, Dr. H. P. Carlton, Joseph Rosborough, William C. Leavitt, Will Matlock, the Carroll Galvins, F. C. Havens, George Sterling, the Schlesingers, Miss Maud Edith Pope, Mrs. H. W. Bishop, Miss Jackson, Dr. and Mrs. Crawford, Dave McLaughlin, Larry Harris and George Mastick. A number of beautiful floral pieces went up over the footlights, including a set piece representing the Corinthian Yacht Club pennant.

TREACY-BERRIEN.

On Tuesday evening, July 3, a very pretty wedding took place in St. Patrick's church, when Miss Nora Treacy became the bride of Richard Clement Berrien. The wedding was very quiet, only intimate friends of the contracting parties being present. The Rev. Robert Sampson officiated.

Miss Nora Treacy is the eldest and prettiest daughter of Mr. and Mrs. P. W. Treacy, pioneer residents of Oakland. The young lady is very highly accomplished, being a graduate of St. Joseph's Academy for young ladies, and also of Oakland Shorthand Institute. She is a member of the younger social set of Oakland and is popular on both sides of the bay.

R. Clement Berrien resides with his parents at 1570 Linden street, Oakland, and has for the past five or six years occupied a very important position with the Southern Pacific, acting as chief clerk in the electrical department.

Miss Mary K. Treacy, the bride's pretty sister, acted as bridesmaid and Scott Baggett, the groom's very dear friend, as best man. After the ceremony Mr. Berrien took his bride south on an extended trip to various resorts. On their return Mr. and Mrs. R. C. Berrien Jr. will occupy a very pretty residence in the college town.

WEDDING DATE.

The marriage of Miss Eva Frame of Berkeley and Carl O. Anderson will

take place Sunday, July 15, at the home of the bride's parents, 2158 Ashby avenue. There will be no attendants and the members of the two families with a few friends will be the only guests.

After a honeymoon trip Mr. Anderson and his bride will make their home in the college town.

AN ENGAGEMENT.

The engagement of Miss Nita Mills of Los Angeles and Harry A. Encell, a prominent graduate of the State University, is of special interest.

Miss Mills is the daughter of a prominent business man of Los Angeles and a graduate of the Los Angeles Normal school. The acquaintance of the young couple began several years ago when both were pupils in the Los Angeles High school.

While in the University, Encell was one of the most popular and best-known men of the class of 1904. He took a prominent part in the activities of his class and the University, and held a number of positions of importance, among them the championship of the intercollegiate agreement committee. He was a member of the Bachelordom Club and the Winged Helmet Honor Society. As a student he also gained distinction, making a specialty of the law. Since his graduation he has been connected with the law offices of an insurance concern.

No date has been mentioned for the wedding.

MUSICAL EVENT.

An event of interest to musicians and society people will be the concert given by Miss Theresa and Miss Lily Sherwood on Thursday evening, July 12, at 8 o'clock, at the Hotel Belvedere.

These talented Oakland girls have appeared several times at charity affairs on both sides of the bay and a large attendance is assured for tomorrow evening.

The program is as follows: Mandolin and guitar duet, "Caprice Heroique" (De Kinski), Misses Theresa and Lily Sherwood; soprano solo, (a) "The Green is on the Grass Again" (Willeby), (b) "She Wears a Rose in Her Hair" (Hawley), Miss Alice J. Andrews; tenor solo, "Queen of the Earth" (Pinsuti), Alfred Wilkie; mandolin and guitar duo, "Lucia di Lammermoor" (Donizetti), the Misses Theresa and Lily Sherwood; soprano solo, "Daffodils A-Blowing" (German), Miss Alice J. Andrews; tenor solo, "Love's Old Sweet Song" (Malloy), Alfred Wilkie; mandolin and guitar duo, (a) "Songs of the South," (b) "Minuet" (Bocherini), the Misses Theresa and Lily Sherwood. Dancing at the close of the program.

GOOD PROGRAM.

The program last evening given at the joint installation of officers of Aloha Parlor, N. D. G. W., and Athens Parlor, N. S. G. W., was excellent, among the interesting numbers being the recitation given by Miss Ila Biven, daughter of Mrs. Millie Scott Biven. This was Miss Biven's initial appearance at a public affair and was most creditable. She recited "How the Larue Stakes were Lost" and in response to an encore gave Whitcomb Riley's "Almost Beyond Human Endurance." Miss Biven was the recipient of a number of beautiful floral gifts.

AUGUST WEDDING.

A Berkeley wedding of more than local interest is that of Miss Amy E. Keane, daughter of Mr. and Mrs. D. J. Keane of Telegraph avenue, and Guy Peppin, a prominent young business man.

A definite date has not been set for the wedding, but it will take place late in August and will be a quiet affair. Mr. and Mrs. Daniel J. Keane Jr. will attend the couple.

Miss Keane is a graduate of the Berkeley High school and an accomplished pianist. Her father is a prominent property owner of Berkeley. As soon as the marriage of their daughter takes place, Mr. and Mrs. Keane intend to leave for a European trip.

CLARK HANSEN.

The wedding of Miss Ida M. Hansen and David Allen Clark took place last evening in the Piedmont Congregational Church. Over two hundred friends of the young couple witnessed the ceremony. Miss Emma Hansen attended her sister as maid of honor, Miss Grace Clark and Miss Barbara Young acting as bridesmaids. Lucile Sleeper and Hazel Steeve were the flower girls. The bride was given away by her brother, Henry Hansen, and John Center Clark was best man. Following the ceremony a reception and wedding supper was held at the home of the bride's mother, Mrs. C. Hansen, on Thirty-seventh street, at which were present over seventy-five guests. Mr. and Mrs. Clark have gone south for their honeymoon.

BYRON HOT SPRINGS.

Among the arrivals at Byron Hot Springs during the past week were the following: From Oakland, Mr. and Mrs. Will J. Culligan, Miss Maxwell, William J. Cantwell, Miss Louise Grove, Mr. and Mrs. N. Rosenberg, H. Bendel, W. N. Downs, Mrs. Lucy Hansen from Berkeley, A. R. Galtier,

The Keller Suits

Semi-Ready and Ready-to-Wear

\$12.50 to \$25.00

The Keller Suits have no real rivals—they are better made, better styled, better looking, and better wearing than any other suits in the market at the same prices. That's a strong statement—but strong statements are all right when backed by truth, and knowing it to be true we'll not trim it in any fashion. Be fair to yourself—to your appearance—to your pocketbook—and buy that new suit here.

The Keller Shirts

Ready-to-Wear and Made-to-Order

In the Keller Shirts there is something more than the intrinsic value represented by fabrics, workmanship and modern machinery. IT IS THE KELLER IN THE SHIRTS—the Keller knack of properly blending style, good taste and absolute comfort—the knack it took us more than thirty years to acquire.

OUR DOLLAR and DOLLAR-FIFTY

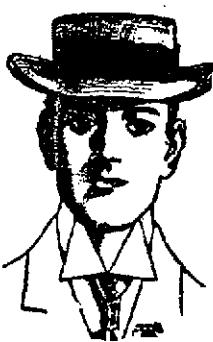

SHIRTS are making a new friend every minute.

The Keller Hats

The Latest Ideas from Fashionable Hatdom arrived by express this morning.

Drop in and see them. There is just enough change in the get-up of the hats to make you want a new one. Hat manufacturers must live, you know, and if they make hats so good as to wear several seasons—as our hats will—they must change the styles often to get business.

Our Famous Five-Dollar Panama is at least a dollar better than its price.

ALL AGREE ON RECIPROCITY

LONDON, July 11.—The resolution in favor of preferential treatment on a reciprocal basis introduced in behalf of the board of trade at the opening, yesterday, of the sixth congress of the chambers of commerce of the empire, was carried at this morning's session amid a remarkable scene of enthusiasm. The vote was preceded

by a further animated discussion against the resolution. The Australian delegates considered it to be impracticable, while the British representatives approved of it. The British delegates appeared to be divided, but when an expression of opinion was called for, a forest of hands went up in favor of the resolution and only a dozen voted against it. The Canadians rose in a body and the hall resounded with their cheers, while some of them tried to sing "God Save the King."

On the demand of the opponents of the resolution, a formal vote was taken by the congress, resulting in 137 delegates declaring themselves in favor of it, thirty-five against it, and twenty-one neutral.

MERCHANTS' EXCHANGE ON ALL-NIGHT SERVICE

Members Discuss Question of Ferry Conditions and Name Committee to See Company.

At a meeting of the Merchants' Exchange last night, the question of taking steps to provide, if possible, for all night service of the ferry boats run by both the Southern Pacific and Santa Fe companies was discussed.

J. F. W. Sohst opened up the question by saying that he had formerly been on a committee to meet the railroad officials in this respect, but the work of preparing for a Fourth of July celebration had interfered with the plans. He was of the opinion that now was a good time to meet the companies owing to the great increase in the population of Oakland.

Director Iven thought an all night service was a good idea and said he was willing to assist in the matter of inducing the railroad companies to provide for such service.

Secretary Walker said that he was of the opinion that if the company could run all night cars west it could run all night boats east. It was decided to have the original committee on the all night service plan meet with the two railroad companies and learn what opinion was expressed by the officials in this regard. A report will be made at a future meeting.

CAR SCHEDULE.

In speaking of the street car service between this city and Alameda, Director Bell said:

"The cars which run between Oakland and Alameda may be somewhat handicapped because of a lack of up-to-date cars and tracks, but the cars should run on a three minute schedule. It seems to me that since the earthquake the cars have been run only for the accommodation of the employees. They have their own way. The cars are either lunched or else run a long distance apart. The company would make money by running cars every three instead of every seven and a half minutes. The cars should be run on San Francisco principles. Let us have an up-to-date system."

INSURANCE REPORT.

The committee on insurance reported that "a majority of the companies are making an earnest endeavor to meet their losses. Some are sparing for time, it is true, but as such a great loss came so suddenly and unexpectedly, it has been difficult to finish the work. There may be some dishonest companies, but this committee thinks they are very few."

REGULATING COMMERCE.

A communication from the Interstate Commerce Law Association signed by Frank Barry, secretary, was read. The communication in part follows:

"The purpose of the Interstate Commerce Law convention has been accomplished by the enactment of legislation by the Fifty-ninth Congress

amending the act to regulate commerce as recommended by President Roosevelt, so that the Interstate Commerce Commission should be vested with the power where a given rate has been challenged and after full hearing, found to be unreasonable, to decide, subject to judicial review, what shall be a reasonable rate to take its place; the ruling of the commission to take effect immediately and to obtain unless and until it is reversed by the court of review. The necessary funds for carrying on the work of the organization have been obtained by means of voluntary contributions, from its constituent members.

A complete list of the contributions that have been received by the association, amounting to \$22,855.02, with a condensed statement of expenses incurred, amounting to \$20,836.58, is attached to this communication. This shows a deficit of \$1,918.44. To those who have borne a share of the burden of expense and labor in this great contest, with its resultant victory, special thanks and congratulations are extended in behalf of the executive committee."

Among those who subscribed to the fund was the Oakland Merchants' Exchange.

NEW HOTEL.

J. Arnold Robinson, representing the Charles Newman Hotel Company, was present and stated that the company had secured land on Oak street at the head of Fourteenth street, where it was intended to erect the proposed Lakeside hotel. It is the intention of the company to have the hotel ready for occupancy by next Christmas. Seventy thousand dollars has been subscribed toward the construction of the hotel building. The amount of \$300,000 is needed to complete the structure. The Charles Newman Hotel Company was elected a member of the Merchants' Exchange.

A special committee consisting of J. C. Donnelly, chairman, W. E. Hook and R. M. Kefauver was appointed to investigate the cremation of garbage in Oakland and the prices charged. It is held that much of the garbage which should be cremated is being dumped in empty lots and that exorbitant charges are being made for carting garbage away from business places.

STREET SPRINKLING.

Directors Hoffman, Crowley and Davidson were appointed a special committee to meet with the Mayor and the members of the Board of Public Works in regard to a better street sprinkling service in Oakland. Director Bell stated that the dusty condition of the principal streets was a disgrace to the city. Other members of the exchange agreed with him in this regard and the committee was appointed in the hope that a remedy for the existing conditions could be devised.

DELEGATES TO DANCE TONIGHT

HAYWARD, July 11.—The grand council of the Portuguese Society of Queen Isabella today held the lowest of this year's meeting. The 120 delegates were entertained with a most enjoyable program. Elaborate preparations have been made for the day which will close tonight with a grand ball. The city, in consequence, is crowded with friends and relatives of the delegates who will participate in this feature of the fête.

Practically all the business of the council was finished at the morning session. This included the selection of officers for the ensuing year.

SPECIAL PROGRAM.

During the course of the ball tonight there will be a presentation of "Christopher Columbus," an opera in two acts. This will be followed by a rendition of the society hymn by the assembled delegates. Next will come a Japanese fan dance by eight little tots. A novel feature of the program will be a cantata by Senor and Senora V. Das Canelas in Spanish. The close of the evening will witness a military drill by a team composed of members of the San Leandro council.

The grand council will end Friday. It can be said that this year's council has been the most successful and most widely attended in the history of the society. The organization is especially strong in Alameda county and numbers many members in the city of Oakland.

TAKES ADVANTAGE OF NEWLY MADE LAW

Mrs. Alvina McCune has filed a petition to have set aside an order admitting to probate the will of the late James McCune. The petition is based on the ground that she should have been allowed until July 19 to appear in accordance with the law enacted by the legislature at the special session recently held. The will was admitted to probate on June 20. Mrs. M. Silverhill was named as executor. The estate is valued at about \$1000.

This is the first case coming to the attention of the county clerk where the petitioner has taken advantage of the recently enacted law.

REGISTER VOTERS AT RAILROAD YARDS

Deputy County Clerk A. E. Johnstone and Register Clerks Harry McGill, Smith and Kline visited the West Oakland yards yesterday for the purpose of registering the employees of the Southern Pacific Company at work there. Over 600 names were put on the list, and the work in that section is not yet completed. The employees were much pleased at the accommodating action of the deputies in taking the registration in the yards instead of waiting for the men to visit the office of the county clerk.

ARMY OFFICERS AT MANEUVERS

BERLIN, July 11.—The Foreign Office has been officially notified that President Roosevelt in accepting Emperor William's invitation to send American officers to the German army maneuvers has assigned Brigadier-General Thomas H. Barry, Major-General William P. Duval, Major-General Joseph E. Kuhn, Captain Peter L. Traub and Captain Herman C. Schumm to represent the American army on that occasion.

The Emperor, who received General Barry in audience after the latter returned from Manchuria, expressed a desire that General Barry should be included among the spectators if the President should think it proper.

The representation of foreign officers will be unusually large at this year's maneuvers, which will take place in the beautiful Slesian country. About a hundred thousand men will be engaged.

SPRING VALLEY WATER IS BAD

San Francisco Chemist Tells of
Result of His Investigations
Since Fire.

BERKELEY, July 11.—City Chemist H. D. Gibbs of San Francisco was in Berkeley yesterday looking over the work being done by the chemists in his department, who are at present using the laboratories in the Agricultural building at the University. Since a few days after the fire in San Francisco, the entire chemical work of the San Francisco health department under the direction of the city chemist, has been done in the University laboratories. In speaking of the results arrived at by his work here Chemist Gibbs this morning said:

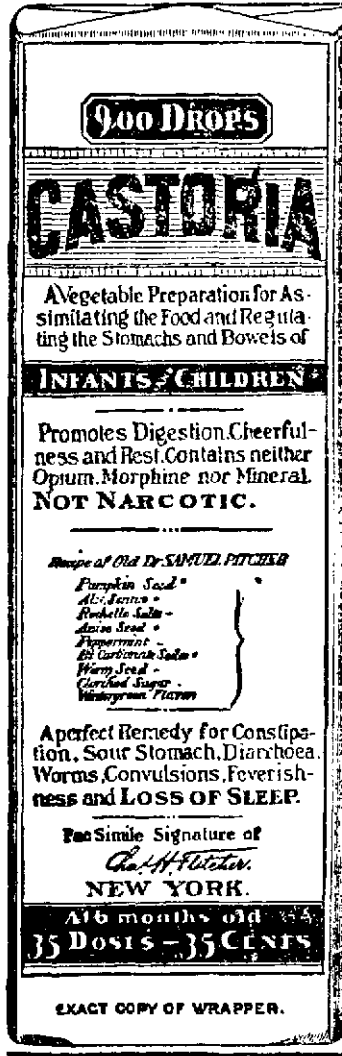

"Since we moved to the laboratories here for our chemical work, we have analyzed about 125 samples of water from the various reservoirs, private hydrants and city hydrants. We have found a gradual improvement in the condition of the San Francisco water supply, although it is yet very bad and in some cases hardly fit for use. The chief cause of the poor condition of the water, has been the broken sewers and water mains which allowed the mixing of the city sewage with the water supply. This has to a great extent been remedied, and the supply improved accordingly, although even as late as two weeks ago I found a case of a broken sewer and water main running together. The part of the city now supplied by the San Andreas reservoirs is receiving fairly good water, but that which comes from the Honda Lake reservoir near the almshouse, is in a terrible condition, and should not be allowed to be used. Many of the reservoirs were very dirty, but some of them have been cleaned and the supply improved. Others are so constructed that they cannot be cleaned, and the water from these should be forbidden.

TESTING DRINKS.
"The tests of soft drinks which we have carried on are also showing a terrible condition of affairs. The drinks are flavored and sweetened with dangerous chemicals, and are a constant menace to those who use them. I will publish a report in a short time dealing with this subject, and if possible will have the board of health force the manufacturers to place on the labels of such goods the exact ingredients used in their manufacture. Then anyone drinking them will do so at his own risk.

BAD CANNED GOODS.
The samples of canned goods which we have examined from the city and county hospital are also in a bad condition. It seems to me that the stan-

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."

Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."

Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I had it in use everywhere."

Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."

Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."

Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."

Dr. H. D. Bener, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."

Dr. J. A. Boardman, of Kansas City, Mo., says: "Your Castoria is a tried and true remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."

Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

CZAR SPEAKS TO RUSSIAN SOLDIERS

PETERHOF, July 11.—The emperor in his speech to the detachment of fortress artillery recently brought to Peterhof from Cronstadt told them that as guardians of the entrance to the capital they must show an example of loyalty and fidelity to Russia.

Manufacturers have taken advantage of the pressing need of San Francisco to unload all their cheapest goods on the public. The goods are very poor before canning, and are put up with preservatives which are exceedingly harmful. The cans also are poorly made and are liable to inside rust. Many cases of sickness have developed at the hospitals after the patients have been taken there, and for that reason this investigation was ordered. I do not know whether or not the canned goods given out at the relief camps are the same. We have received no orders to examine these goods, but it is probable that they are of a similar quality. This is an imminent danger, and will, I think, be remedied when my report is placed in the hands of the Board of Health.

A Modern Miracle.
"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. K. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched her beside forty-eight hours; when, at my urgent request, Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today."
